Summer Adventures 2018

for children ages 3 thru entering Kindergarten

Join us for specialized camps to celebrate and nurture your child's God-given talents, interests, and abilities. The children will also work together to water and take care of our school garden so we can grow and make a salad!

Let your young scientist “in training” try out some fun experiments as he/she learns to predict, observe, and problem solve. Children will participate in a variety of hands-on science activities throughout the week that will engage their senses and challenge their thinking!

Tiny Chefs Camp

June 19-21

Time:

9:00 am–1:00 pm

Children love to touch, create, learn and make a mess. Tiny Chef summer camp will provide a fun environment where they can do it all. Campers will get to experience new tastes and learn to prepare recipes from various cuisines “with a twist”. Bring your Tiny Chef to camp and let the fun begin!

Art In Bloom Camp

Designed especially for our youngest artists! Children's natural curiosity will be cultivated by presenting them with different art mediums, color mixing, and creative activities. They will not only learn to appreciate their creations, but the creations of others!

Time:

9:00 am–1:00 pm

We are so blessed to have beautiful, sunny weather in Colorado and we will take advantage of that during this week! Children will enjoy a Beach Day with a variety of water activities. They will go camping for a day and explore the local wilderness. The week will end with an “Unbirthday Party” to celebrate the birth of Baby Jesus and the birth of each child!
